**DESIGNING FIREPLACES FOR SMALL
SPACES WITH NAPOLEON FIREPLACES**

COLORS OF COZY

#1800AD

#6B6A61

#6B6A61

#B3B0A6

#CAC6C3

WHY THESE COLORS WORK BEST

BENJAMIN MOORE

Edgecomb Gray

A GREIGE BALANCES THE COOL UNDERTONES OF MODERN FINISHES (STEEL, CONCRETE, GLASS) WITH THE WARMTH OF NATURAL TEXTURES (WOOD, STONE, TILE).

IN SMALL SPACES, IT ADDS DEPTH WITHOUT DARKNESS, KEEPING THE PALETTE NEUTRAL BUT SOPHISTICATED.

Perfect for minimalist or Scandinavian-inspired interiors that use the fireplace as a subtle design statement rather than the focal wall. Works great with light oak mantels, marble surrounds, or brushed nickel finishes.

FARROW & BALL

Jitney

ADDS WARMTH AND COMFORT — KEY FOR SMALL ROOMS THAT RISK FEELING COLD OR BOXY.

IDEAL FOR TRANSITIONAL OR FARMHOUSE-STYLE FIREPLACES WHERE BALANCE BETWEEN MODERN AND ORGANIC IS KEY.

Taupe and clay tones complement LED ember beds and orange flame tones beautifully, making the fire feel more natural and cozy.

SMALL SPACES MOOD BOARD

THE **ELEVATION X** BY **NAPOLEON** FIREPLACES IS REDEFINING MODERN FIREPLACE DESIGN. WITH ITS REALISTIC LED EMBER BED, DYNAMIC FLAME TECHNOLOGY, AND CUSTOMIZABLE SURROUNDS, IT OFFERS A LUXURY AESTHETIC IN ANY SIZE FOOTPRINT.

- AVAILABLE IN MULTIPLE WIDTHS FOR APARTMENTS AND CONDOS.
- OPTIONAL LED LIGHTING PACKAGES AND REMOTE/APP CONTROL.
- SLIM WALL PROFILE IDEAL FOR URBAN BUILDS AND RENOVATIONS.
- ENERGY-EFFICIENT PERFORMANCE WITH YEAR-ROUND OPERATION (HEAT OPTIONAL).

💡 *Pair your Elevation X with a stone veneer, plaster surround, or recessed niche wall for a custom built-in look without the footprint of a gas unit.*

SMART FIREPLACE PLACEMENT IDEAS FOR DESIGNERS

1. **USE VERTICALITY:** RECESS WALL-MOUNTED ELECTRIC FIREPLACES BETWEEN SHELVING OR ART NICHES TO SAVE FLOOR SPACE.
2. **DIVIDE & DEFINE:** USE AN ELECTRIC FIREPLACE AS A ROOM DIVIDER IN OPEN LAYOUTS — STYLISH AND FUNCTIONAL.
3. **CREATE FOCAL FLOW:** POSITION FIREPLACES OPPOSITE NATURAL LIGHT SOURCES FOR DEPTH AND AMBIANCE.
4. **LAYER TEXTURES:** COMBINE SLEEK ELECTRIC FIRE FEATURES WITH WARM STONE, MATTE TILE, OR WOOD FOR TACTILE CONTRAST.
5. **INTEGRATE TECH SEAMLESSLY:** MANY LCD FIREPLACES CAN SYNC WITH SMART HOME SYSTEMS FOR EFFORTLESS CONTROL.
